

Alex Morgan

Software Developer

Manila, Philippines • +63 917 123 4567 • alex.morgan@email.com • linkedin.com/in/alexmorgan

PROFILE

Results-oriented software developer with 4+ years of experience building responsive web applications, design systems, and APIs. Strong focus on clean code, accessible interfaces, and practical solutions that improve user experience and business outcomes.

EXPERIENCE

Senior Software Developer

Acme Digital · Manila, Philippines | 2023 – Present

- Led development of customer-facing React applications used by 50K+ monthly users.
- Improved application performance by 35% through code splitting, caching, and API optimization.
- Mentored junior developers and introduced reusable UI components and code review standards.

Software Developer

Bright Labs · Remote | 2021 – 2023

- Built and maintained full-stack features using React, Node.js, and PostgreSQL.
- Collaborated with designers and product managers to turn Figma designs into responsive interfaces.
- Automated testing and deployment workflows, reducing release-related defects.

EDUCATION

Bachelor of Science in Information Technology

University of the Philippines · 2017 – 2021

SKILLS

Languages: JavaScript, TypeScript, Python, SQL

Frontend: React, Next.js, HTML, CSS, Tailwind CSS

Backend: Node.js, REST APIs, PostgreSQL

Tools: Git, Docker, Figma, CI/CD

PROJECTS

Portfolio Platform — Designed and developed a responsive portfolio platform with reusable components, animations, and accessible navigation.

Task Management App — Built a collaborative task application with authentication, real-time updates, and role-based permissions.
